Dear Ned Roehrig:

Insurance Services Office (ISO) has submitted a recommendation concerning your community's Public Protection Classification (PPC). Currently, the Community's Public Protection Classification is a Class Unclassified.

**Insurance Services Office is recommending the classification be changed to a split Class 8B/10 with an effective date of 12/1/2021.** The recommendation is based on a review of your community performed on 3/10/2021 and does not include application of the Texas Exception to the Fire Suppression Rating Schedule.

With a split class, all class-rated properties located within 5 road miles of a fire station will use **Class 8B**. All class-rated properties located farther than 5 road miles of a fire station will use **Class 10**.

Public Protection Classifications range from 1 (superior) to 10 (does not meet minimum criteria).

We have reviewed the information provided and believe it is enough to grant approval. The Insurance Services Office will be notified of our approval of their recommendation and the effective date.

If you have any questions regarding this change, I may be reached at the address indicated above or by email to [PPCOversight@tdi.texas.gov](mailto:PPCOversight@tdi.texas.gov).

***Please make sure all community officials and residents within your district are notified of the new Public Protection Classification rating for your community, and the effective date.***

We would like to find out how you feel about the Public Protection Classification (PPC) process and the Insurance Services Office (ISO) inspection services, by your participation in a brief customer satisfaction survey.

As a newly rated community you are our target audience and we would appreciate your feedback. The data you provide to us will assist us in reviewing our processes to make our relationships better. Please click [here](#) to complete our customer satisfaction survey.

We thank you for your time.

Sincerely,

Joel Duke  
PPC Oversight Officer
